ABOUT US

The farm was founded in 2009 when Jeremy & Megan chose to leave corporate life to offer in-home care for Jeremy's Grandfather, Mike Raff. Our farm is located on forty acres just west of the town of Lompoc, California, at the head of a canyon covered in old-growth oak trees and eucalyptus groves. Underground springs and a watershed feed the fresh water creek that flows through the land. We built our dream on four farming foundations: local, natural, sustainable, and humane.

Dare 2 Dream Farms is a family-owned farm specializing in backyard chickens, handcrafted coops, free-range eggs, organic produce and special events. We hand deliver chickens, coops, and supplies across the coast of California from the San Francisco Bay Area south to Los Angeles County. Seasonal CSA Produce Subscriptions are available for Northern Santa Barbara County residents, and our Farm Stand is open Tuesday through Sunday, from 1-7pm. Visit our website for more information about Farm to Table dinners, other farm events, and special events offered by Dare 2 Dream Farms.
